Experience

Full Stack Developer Intern (MERN Stack) — 2-Month Internship

Feb 2026 – Mar 2026

Dataman IT Solutions

- Developed and maintained web application features using MongoDB, Express.js, React.js, and Node.js.
- Integrated RESTful APIs and CRUD operations to support core application functionality.
- Worked on frontend components, backend services, and database operations in a full-stack environment.
- Debugged, tested, and optimized application performance to improve reliability and responsiveness.
- Used Git and GitHub for version control, code review, and team collaboration.

Projects

Stayora: Full-Stack Rental Listing Platform *Node.js, Express.js, MongoDB, Passport.js, Mapbox, Cloudinary*

- Built a full-stack rental listing platform with property CRUD, user authentication, and booking workflows.
- Implemented Mapbox maps and Cloudinary image upload and storage.
- Added Passport.js session authentication, route protection, and MongoDB session storage.
- Built search and filtering by keyword, location, price, and category.

MeetSphere: Video Conferencing Platform

WebRTC, React.js, Node.js, Express.js

- Developed a video conferencing platform with meeting creation, join flow, and real-time communication features.
- Implemented a responsive user interface and core meeting controls for smooth collaboration.
- Built reusable frontend components and integrated backend services for application workflow.

Weather App: Real-Time Weather Information App

HTML, CSS, JavaScript, Weather API

- Built a weather application that fetches and displays real-time weather data for user-entered locations.
- Integrated a weather API to show temperature, humidity, wind speed, and weather conditions.
- Created a simple and responsive interface for quick weather lookup across devices.

Technical Skills

- **Languages:** C++, Java, JavaScript, TypeScript, Python, C, SQL, HTML, CSS
- **Frameworks & Libraries:** React.js, Next.js, Express.js, Tailwind CSS
- **Technologies:** MERN Stack, MongoDB, Node.js, REST APIs, CRUD, JWT Authentication, Convex
- **Tools:** Git, GitHub, VS Code, Figma, Canva

Certifications & Achievements

- Completed Full Stack Development certification from Apna College covering HTML, CSS, JavaScript, React, Node.js, Express.js, MongoDB, REST APIs, JWT, and Git/GitHub.
- Certified by Meta in Programming with JavaScript, Version Control, and Introduction to Front-End Development.
- Solved 100+ DSA problems across LeetCode, CodeChef, and GeeksforGeeks.

Education

Babu Banarasi Das Northern India Institute of Technology, Lucknow, Uttar Pradesh Sep 2023 – Sep 2027

Bachelor of Technology in Computer Science Engineering

St. Fidelis College (ISC), Lucknow, Uttar Pradesh

2022

Intermediate Education — ISC Board — 83.4%
